

# 2012 **TAURUS**

Go Further

Thank you for your interest in the new 2012 Taurus. Included in this brochure you'll find information about:

**DESIGN:** Ford designers thought outside the box of the ordinary sedan when they created the Taurus. They created a profile that is athletic and dynamic, with curves and lines from the sculpted hood to the rear deck conveying power and agility.

**TECHNOLOGY:** Navigation System. Adaptive Cruise Control. BLIS® (Blind Spot Information System) with Cross Traffic Alert. Intelligent Access with Push-Button Start. Available features like these help make life of the road more enjoyable in Ford Taurus.

**PERFORMANCE:** The standard 3.5L V6 performance is responsive and confident. Drive the Taurus SHO and get All-Wheel-Drive plus the direct-injected, twin-turbocharged 3.5L EcoBoost™ engine that delivers V6-like fuel economy with V8-like performance.

**INTERIOR:** Look inside a Taurus. The center stack flows into the center console at a perfectly driver-oriented 38° angle. Available front multicontour seats with Active Motion™ provide a therapeutic massage to reduce fatigue. This is a car for the driver in you.

## Dealer Information

You can even access your Ford Credit information and online bill payment services. Log on to [www.myford.fordvehicles.com](http://www.myford.fordvehicles.com) to get started.

## So innovative, it can make you a better driver.

Crafted by an obsessive engineering and design team, Ford Taurus is defined by an array of class-exclusive<sup>1</sup> and “first-ever” technologies, plus surprisingly brilliant driver-focused features that’ll change the way you drive. Enter and start without using your key.<sup>2</sup> Enjoy the comfort of massaging front seats.<sup>2</sup> Take calls without picking up your phone.<sup>2</sup> Experience the efficiency of 28 mpg hwy<sup>3</sup> and 263 hp, or the thrill of 365 hp<sup>4</sup> plus 25 mpg hwy<sup>5</sup> on Taurus SHO. Utilize systems<sup>2</sup> that can help you change lanes, handle rush-hour traffic and back out of parking spots. Taurus for 2012. It’s a breakthrough – through and through.

Limited. Ingot Silver Metallic. Available equipment.

<sup>1</sup>Class is Full-Size Sedans vs. 2011 competitors. <sup>2</sup>Available feature. <sup>3</sup>EPA-estimated 18 city/28 hwy/22 combined mpg, 3.5L Duratec® V6 engine, FWD with 6-speed automatic. <sup>4</sup>Figure achieved using premium unleaded gasoline. Premium fuel is recommended for EcoBoost™ V6, but not required. <sup>5</sup>EPA-estimated 17 city/25 hwy/20 combined mpg, 3.5L EcoBoost V6 engine and AWD.

2012 **TAURUS** [ford.com](http://ford.com)

## Empowers your commitment to efficiency.

Which will you appreciate more? Its liquid-smooth 263 hp? Or its 28-mpg-hwy<sup>1</sup> efficiency? Most likely both. The standard 3.5L Duratec® V6 engine is mated with a 6-speed automatic transmission to put you in the right gear at the right time. Or, if you prefer revving it yourself, Taurus offers a SelectShift Automatic™ transmission<sup>2</sup> for manual shifts using racing-style paddle shifters on the steering wheel.

The more a driver “feels” the road, the better their driving experience. That’s why our engineers fine-tuned the suspension calibration of each Taurus model. Whether you’re driving a FWD Taurus or AWD<sup>2</sup> model, ride and handling balance are equally impressive. This commitment to engineering excellence brings an engaging driving dynamic and uncompromising level of confidence to every drive.

Limited. Ingot Silver Metallic. Available equipment.

<sup>1</sup>EPA-estimated 18 city/28 hwy/22 combined mpg, FWD with 6-speed automatic. <sup>2</sup>Available feature.

2012 **TAURUS** [ford.com](http://ford.com)

## Massages you like no other car in its class.

It lightly massages your back and legs. It actively adjusts the contour of your seat. Thanks to 7 air cushions in each Taurus front seat,<sup>1</sup> you'll enjoy a sensory experience you won't find in any competitor. Add the comfort of heating and cooling,<sup>1</sup> and you may just skip your destination. Cool Ice Blue™ Lighting draws you to the instrument panel. A solid sense of quiet surrounds you. The quality of high-grade materials and high-tech features dazzles you. A unique forward-leaning center stack flows into a sweeping center console, enlarging the cabin and elevating controls. Rear passengers, not to miss out, can enjoy heated seats<sup>1</sup> as well. No question: Ford stylists have crafted a distinctly satisfying space inside Taurus.

Exclusive multicontour, Active Motion™ massaging front seats<sup>1</sup>

Heated and cooled front seats<sup>1</sup>

Front seats with power lumbar<sup>1</sup>

Heated rear seats<sup>1</sup>

Limited. Light Stone leather trim with perforated inserts. Available equipment.

<sup>1</sup>Available feature.

2012 TAURUS [ford.com](http://ford.com)

## Hands control the wheel. Voice controls the rest.

### Stay connected to calls, music and more with SYNC.

No more searching for your phone. No device on your ear. Connect to your world with voice-activated Ford SYNC.<sup>1</sup> Once paired, SYNC recognizes your phone and automatically transfers your contacts to support voice calling. It also plays music from your phone, MP3, USB or iPod.<sup>®</sup> And thanks to Bluetooth<sup>®</sup> streaming audio,<sup>2</sup> smartphone users can listen to Pandora<sup>®</sup> internet radio too. Just touch a button on the steering wheel and say things like "Call Melissa," or "Play genre: Pop." SYNC also offers 911 Assist,<sup>™</sup> and with an activated SYNC Services account you get business searches,<sup>1</sup> turn-by-turn driving directions,<sup>1</sup> custom traffic alerts<sup>1</sup> and more. Personalize your experience at SyncMyRide.com.

### Full-color, voice-activated travel guide with SiriusXM.

The Navigation System<sup>2</sup> includes a 6-month trial subscription to SiriusXM Satellite Radio, Traffic and Travel Link<sup>3</sup> to bring you over 130 channels of unique content, plus live infotainment services. Get continuously updated traffic information, plus check local fuel prices, weather reports, movie listings, sports scores and more. This system features a vibrant 8" LCD touch screen with interactive maps you can zoom and scroll. Of course, it also responds to voice commands for hands-free control. Play DVDs while Taurus is in Park and store nearly 10 gigs of your digital music.

<sup>1</sup>Available feature. Requires compatible mobile device. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Traffic alerts and turn-by-turn directions available in select markets. Text message and data rates may apply. <sup>2</sup>Available feature. Coming Fall 2011. <sup>3</sup>SiriusXM Satellite Radio, Traffic and Travel Link subscriptions sold separately or as a package after trial expires. SiriusXM Traffic and Travel Link service available in select markets. Subscriptions are governed by SiriusXM Customer Agreement; see [www.siriusxm.com](http://www.siriusxm.com).

## Senses what you may not see.

### Maintains your cruising distance.

Adaptive cruise control<sup>1</sup> uses forward radar to monitor traffic. It's designed to automatically adjust your cruising speed to maintain one of 3 preset "headway" distances to the vehicle in front of you.<sup>2</sup>

### Reacts before you can.

By flashing a warning light across the windshield and sounding an alarm, collision warning with brake support<sup>1</sup> alerts you if its radar sensors detect a potential collision with the car in front of you. The alert can provide 1.5 to 2.5 extra seconds for you to apply the brakes. The system also pre-charges the brakes and increases brake-assist sensitivity to provide full responsiveness when you brake.

### Simplifies lane changes.

Rather than turning your head to check your blind spots, just glance at your sideview mirrors before changing lanes with BLIS® (Blind Spot Information System).<sup>1,3</sup> An amber light means the system's radar senses a vehicle in your way – so stay in your lane until it passes.

### Eases parking lot stress.

With cross-traffic alert,<sup>1</sup> Taurus lets you know if its radar sensors detect a vehicle approaching while you're slowly backing out of your spot. It sounds a warning, alerts you in the message center, and flashes an amber light in your sideview mirror.

<sup>1</sup>Available feature. <sup>2</sup>Distances shown based on a speed of 60 mph. <sup>3</sup>BLIS replaces standard integrated blind spot mirrors.

#### Glows with ingenuity.

Mounted flush on the driver's door, it's unseen until you touch it. Instantly, the industry-exclusive SecuriCode™ invisible keyless entry keypad glows red. Enter your 5-digit code, and you're in. It's freedom to leave your keys, and everything attached to them, tucked away.

#### Starts with a touch.

With the fob in your pocket or purse, just settle in, press the brake pedal and the start button, and Taurus purrs to life. Thanks to Intelligent Access with push-button start,<sup>1</sup> no key is needed.

#### Encourages smart driving.

With the Ford exclusive MyKey®, separate keys for additional drivers can be coded to enforce limits that you set. For instance, you can mute the audio until safety belts are buckled, limit top speed and audio volume, and add warning alerts at pre-selected speeds. You can also have the low-fuel warning signal chime earlier, giving the driver additional time to refuel.

<sup>1</sup>Available feature.

## “Top Safety Pick” 4 years in a row.<sup>1</sup>

Travel with confidence knowing Taurus has attained the highest possible rating from the Insurance Institute for Highway Safety (IIHS) every year since 2008. In fact, no other brand offers you more 2011 “Top Safety Pick” vehicles than Ford. Our engineers are constantly developing and advancing safety technologies to help give you peace of mind out there on the road.

### **Masters challenging moments.**

Our standard AdvanceTrac<sup>®</sup> electronic stability control with brake-actuated traction control<sup>2</sup> automatically enhances vehicle control in wet or slippery conditions.

### **Personalizes your protection.**

Our advanced Personal Safety System<sup>™</sup> uses sensors to optimize deployment of the dual-stage front airbags in certain frontal collisions. Front-seat side airbags deploy in certain side-impact collisions. And our Safety Canopy<sup>®</sup> System increases protection with a rollover sensor and side-curtain airbags that deploy to cover both rows.

### **Surrounds you with strength.**

SPACE (Side Protection And Cabin Enhancement) Architecture utilizes a hydroformed cross-car beam between the door frames, strengthening the passenger compartment.

### **Reminds you to buckle up.**

Our Belt-Minder<sup>®</sup> system sounds a persistent alert to encourage those in front to buckle up for safety on every ride.

### **Sends an SOS for you.**

Our SOS Post-Crash Alert System<sup>™</sup> can automatically flash the hazard lights and sound the horn after an airbag has deployed or a safety belt pretensioner has activated in certain collisions.<sup>3</sup> No subscription required.

### **Directly contacts 911.**

Ford SYNC<sup>®4</sup> with 911 Assist<sup>™</sup> uses your phone to call 911 in the event of airbag deployment or fuel pump shutoff.<sup>5</sup> If needed, it can even give the operator an urgent message for you.

Limited. Black. Available equipment.

<sup>1</sup>2008–2011 model years. 2012 model year not yet tested. <sup>2</sup>Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. <sup>3</sup>SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner. <sup>4</sup>Available feature. <sup>5</sup>The vehicle's electrical system (including the battery), the wireless service provider's signal and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 Assist feature enabled, in order for 911 to be dialed.

2012 TAURUS [ford.com](http://ford.com)

## Rousing power. Surprising efficiency. It's a go.

An aerodynamic spoiler and lower front chin define its powerful shape. A painted grille, plus premium 19" aluminum wheels or available 20"s add shine. A 365-hp<sup>1</sup> 3.5L EcoBoost™ V6 lurks underneath the hood. Twin turbochargers and direct-injection technology help SHO achieve a remarkable 25 mpg hwy.<sup>2</sup> Make no mistake, SHO is every inch a driver's car. Its leather-wrapped steering wheel awaits your grip. The perforated Miko® Suede and leather-trimmed power driver's seat holds you tight. Crisp aluminum trim gleams, part of the high-tech SHO treatment. At your feet, aluminum pedals wait to be pressed to the "SHO" branded front floor mats. As it launches, the air is punctuated by the tuned exhaust notes from dual chrome-tipped pipes. Time to take off.

SHO. Red Candy Metallic Tinted Clearcoat. Available equipment.

<sup>1</sup>Figure achieved using premium unleaded gasoline. Premium fuel is recommended for EcoBoost V6, but not required.

<sup>2</sup>EPA-estimated 17 city/25 hwy/20 combined mpg, 3.5L EcoBoost V6 engine and AWD.

2012 TAURUS [ford.com](http://ford.com)

## SHO stopper.

With Taurus SHO, driving dynamics take a serious turn. Optimized chassis calibrations provide precise response to driver inputs and exceptional body control in the curves. Unique, SHO-specific equipment includes sport-tuned struts and shocks, larger front and rear stabilizer bars, higher spring rates and higher-rate front strut mounts. A greater power bias to the rear wheels gives the standard all-wheel-drive SHO superb balance. At the critical driver interface, advanced electric power-actuated steering delivers crisp response and excellent on-center feel. The result? Tight handling. Tight turns. A tighter relationship with the road.

### Enthusiasm.

Ultimate enthusiast? Then up the ante with the SHO Performance Package.<sup>1</sup> Receive upgraded brake pads, sport-calibrated steering, a "Sport Mode" setting for AdvanceTrac,<sup>®</sup> as well as a lower 3.16:1 final drive ratio (vs. 2.77:1) for faster acceleration. Not to mention performance tires on 20" premium painted aluminum wheels for exceptional agility and tenacious grip.

### Control.

A high-capacity 6-speed SelectShift Automatic<sup>™</sup> transmission delivers EcoBoost<sup>™</sup> power to the road via a sophisticated torque-sensing All-Wheel-Drive System. With 6 speeds at its disposal, SHO intuitively selects the perfect gear at any moment for effortless acceleration and comfortable high-speed cruising. If you're up for it, paddle shifters on the steering wheel put control at your fingertips.

### Balance.

Without it, you're at the mercy of the road. With it, you own the road. Prepare to assume ownership with Taurus SHO. Its SR1 rear suspension is named for the one-to-one rear shock absorber ratio. This suspension geometry provides a superior balance between cornering and handling, while offering a stable baseline for tuning. And its full, dynamic range even accommodates 20" rims.

<sup>1</sup>Available feature.

Lots of ways to make it yours.

In addition to smart standards that make your life easier (like helping to keep your hands clean at the pump), a long list of optional features allows you to create a Taurus that addresses your specific needs. Have small children? Add a rear camera to help see what's behind you when slowly backing up, or a rear sunshade that helps keep the interior cool. Active on the social scene? Then pump up your audio with an amazing sound system and light up your night with special interior lighting. Whatever you choose, you're creating the Taurus you want, just the way you want it.

Industry-first Easy Fuel<sup>®</sup> capless fuel filler, standard  
Rear view camera<sup>1</sup>

Rear-window power sunshade<sup>1</sup>

Sony<sup>®</sup> Audio System includes 12 speakers  
and 390 watts of continuous power<sup>1</sup>

Ambient lighting<sup>1</sup>

<sup>1</sup>Available feature.

Create a more meaningful driving experience: Connect with Ford Custom Accessories for authentic personalization possibilities. The cost of select accessories – ordered and paid for at the time you buy or lease your Taurus – can be rolled into your monthly payment. And coverage for select accessories falls under the New Vehicle Limited Warranty that way too. See your dealer for details.

**New Vehicle Limited Warranty.** We want your Ford Taurus ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/50,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty. □ **Roadside Assistance.** Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages. □ **Ford Credit.** Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at [fordcredit.com](http://fordcredit.com). □ **Ford Extended Service Plan.** For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships. □ **Insurance Services.** Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at [fordvip.com](http://fordvip.com) for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company. □ **Genuine Ford Accessories** will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
